Subject: RE: MCN Processing Plant - Permits Inquiry

Thanks Gerardo, I have two contacts from Air and Water that I'm currently coordinating a conference call with next week with the Tribe. I will provide an update and reach out, if I need any assistance.

Subject: FW: MCN Processing Plant - Permits Inquiry

Good afternoon,

Muscogee Creek Nation has inquired R6 guidance on required permits and technical assistance on the current facility construction of meat processing plant. Please see attached, we care brief sheet for background information for your reference.

I held a brief call yesterday with the Tribe, below are few questions I gathered and would like to coordinate a conference call next week, if possible.? Also, if Air can be in this meeting that would be helpful.

1. Construction Permits – Wastewater permit required for the lagoon?
2. Will the Tribe need a permit to operate it?
3. Other permits – discuss any other permits, if needed for facility?

Please let me know, if you have any questions or concerns. Thanks for your assistance.

Salina Gomez

Subject: We Care Sheet on MCN Processing Plant

Gerardo and Salina-please see the draft WE CARE sheet on the MCN meat processing plant, and fill in as needed. Please send the final sheet to Tina so she is in the loop. We should also share with 6WD when final.

Thanks,

Randy Gee
